GOSSAMER WATER-PROOF CAPE.

THE MANUFACTURERS claim for the above new style of cape the following:

That they are perfectly water-proof.

That, if worn in the rain twenty four hours, they will not absorb any moisture, while the old style will nearly double its weight, and not keep the wearer dry, either.

That, when rolled-up, they are only seven inches long, and three inches in diameter, and can be carried in the pocket, while the old style is as large and cumbersome as a woolen shawl.

That, being so light-weight, and having no warmth, they are welcomed by all ladies for warm-weather use, or to throw over a winter cloak in cold weather.

That they are not affected by either cold or heat, neither will they become soft and useless with warm damp weather.

That all who have used the Gossamer Capes have expressed themselves perfectly satisfied with them.

That a lady, who has a Gossamer in her pocket, can leave the troublesome umbrella at home, and if the rain comes before she reaches shelter, with the Cape thrown over her, and the Hood over the bonnet, she is far better protected than she could be with the umbrella.

For sale at manufacturers' prices.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
SOLICITOR OF PATENTS,
For Inventions, Trade Marks or Designs,
No. 76 State St., opp. Kilby St., Boston.
AFTER AN EXTENSIVE PRACTICE of upwards of thirty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with despatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

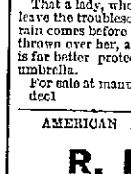

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakeable proof of great talent and ability on his part, leads me to recommend All Inventors to apply to him to procure their Patents; they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART
Boston, Jan. 1 1875.—1yr-eod

Special Notices.

CONSUMPTIVES, TAKE NOTICE.

Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenck's Pulmonic Syrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenck provides for the purpose. These additional remedies are Schenck's Sea Weed Tonic and Mandrake Pills. By the timely use of these medicines, according to directions, Dr. Schenck certifies that most any case of consumption may be cured.

Dr. Schenck will be at the Quincy House, Boston, on the following Wednesdays, from 9 to 3 o'clock: Jan. 13th and 27th, Feb. 10th and 24th, and March 10th and 24th. Consultation free; but for a thorough examination of the lungs, with the Respirometer, the price is $5.

Dr. Schenck is professionally at his principal office, Corner Sixth and Arch Streets, Philadelphia, every Monday, where all letters of advice must be addressed. jan9-eod

SATURDAY, JANUARY 30, 1875.

Hetty Marvin.

When the British and Tories attacked New London, Connecticut, in 17—, and set a price on the head of Governor Griswold, the latter fled to the town of L——, where his cousin, Mrs. Marvin, hid him for some days in a secluded farm-house. But at length the subtle foe discovered his retreat, and one sunny afternoon in May he was routed from his hiding-place by the tidings that a band of horsemen were approaching to capture him.

His only chance of escape was to reach the mouth of a little creek which emptied itself into the Connecticut River, just above the entrance of the latter into the Long Island Sound. There he had a boat stationed with two faithful attendants hidden beneath the high banks of the creek. The distance from the farm-house to the boat was two miles by the usual traveled road. But a little path across the farmers' orchards would bring him to the road, only a mile from the boat, and save a quarter's length of his fearful run for life.

Just where the narrow path from the orchard opened into the road, Hetty Marvin sat with her dog Towser, tending the bleaching of the household linen. The long web of forty yards or more, which was diligently spun and woven during the long Winter months was whitened in May, and thus made ready for use. The business of bleaching was well economized, being usually done by the younger daughters of the family, who were not old enough to spin, or strong enough for the heavier work of the kitchen or the dairy.

The roll of linen was taken by the farmer or his stout "help" to a grassy plat, beside a spring or meadow brook. There it was thoroughly wetted and spread upon the green turf, to take the best bent of the sun by day and the dew by night. The little maiden who tended it would sit near it.

Thus sat Hetty Marvin, the young daughter of Governor Griswold's cousin, when her hunted friend sprang past her into the road to escape from his pursuers. Hetty was a timid child of about 12 years: yet thoughtful and wise beyond any of her elders. She was frightened by the headlong haste with which the governor rushed across the meadow. But she quickly comprehended the scene, and instantly quieted her faithful Towser, who, though a friend of the family guest, thought it becoming to bark loudly at his hurried steps.

Her wise forethought arrested the governor's notice, and suggested a scheme to delude his pursuers. "Hetty," he said, earnestly, "I am flying for my life; and unless I can reach my boat before I am overtaken I am a lost man. You see the road forks here. But you must tell those who are chasing me that I have gone up the road to catch the mail-wagon, which will soon be along, you know. Then they will turn off the other way."

"Oh, cousin!" said the little girl, in an agony of distress. "I cannot tell a lie; indeed I cannot: why did you tell me which way you were going?"

"Hetty, dear child, surely you would not betray me to my death! Hark! they are coming.—I hear the click of their horses' feet. Oh, Hetty, tell them I have gone up the road instead of down; and Heaven will bless you."

"Heaven never blesses those who speak falsely, cousin! But I will not tell them which way you go, even if they kill me; so run as quickly as possible."

"It's of no use, unless I can deceive them I am a dead man."

"Cousin, cousin, hide under my web of cloth; they'd never think of looking here for you. Come, get down as swift as you can; and I'll cover you, and stand sprinkling my linen."

"It's my only chance, child; I'll get down as you say." And suiting the action to the word, the governor was soon hidden under the folds of the cloth.

Angry that their expected prey had escaped from the house where they hoped to secure him, the six mounted Tories, headed by a British officer, dashed along the road in swift pursuit. At sight of the girl in the meadow, the leader of the party paused.

"Child," he said, sternly, "have you seen a man running hereabouts?"

"Yes sir," replied Hetty, trembling and flushing.

"Which way did he go?"

"I promised not to tell, sir."

"But you must or take the consequences."

"I said I wouldn't tell, if you killed me," sobbed the frightened girl.

"I'll have it out of her," exclaimed the furious officer with an oath.

"Let me speak to her," said his Tory guide: "I know the child, I believe. Isn't your name Hetty Marvin?" he asked pleasantly.

"Yes, sir."

"And this man that ran by you a few minutes ago was your mother's cousin, was'nt he?"

"Yes, sir, he was."

"Well, we are friends of his—what did he say to you when he came along?"

"He—told me—that he was flying for his life."

"Just so, Hetty: that was very true. I hope he won't have to fly far. Where was he going to hide? you see I could help him if I knew his plans."

Now Hetty was not a whit deceived by this smooth speech. But she was willing to tell as much of the truth as would consist with his safety, and she wisely judged that her frankness would serve her kinsman better than her silence. So she answered her questioner candidly. "My cousin said he was going down this way to the river, where he had a boat: and he wanted me to tell the men that were chasing him that he had gone the other way to catch the mail-wagon."

"Why didn't you do as he told you, then, when I asked you where he had gone?" thundered the officer, fiercely.

"I could not tell a lie, sir," was the tearful answer.

"Hetty," again began the smooth-tongued Tory, "you are a nice child. Everybody knows you are a girl of truth. What did your cousin say when you told him you couldn't tell a falsehood?"

"He said he shouldn't think I'd betray him to his death."

"And you then promised him that you wouldn't tell which way he went, if you were killed for it?"

"Yes, sir."

"That was a brave speech; and so I suppose he thanked you for it, and ran down the road as quickly as possible."

"I promised not to tell where he went, sir."

"Oh, yes, I forgot. Well, tell us his last words, and we won't trouble you any more."

"His last words were: 'It's my only chance, child, and I'll get down as you say.'" And overcome by fright, and the sense of her kinsman's danger, should they rigidly interpret the language which she had reported, she sobbed aloud, and hid her face from sight.

Her tormentors did not stay longer to soothe or question her. They had got, as they supposed, the information which they wanted, and pushed rapidly on down to the river. Now the governor had arranged a signal with his boatman that a white cloth

Concluded on fourth page.

THE NEWPORT DAILY NEWS AND THE NEWPORT JOURNAL.

The NEWPORT DAILY NEWS is published every afternoon, except Sundays, at the News Building, 13 Church street by Davis & Pitman.

The NEWPORT JOURNAL is published at the same office every Thursday morning, and contains a selection of the best matter in the Daily, including Editorial Discussions of the topics of the week, Literary Miscellanies, and at least one good Story, the Latest Markets, and a complete and comprehensive Summary of the news, local and general. The JOURNAL is a large 36 column paper and contains 60 per cent. more reading matter than any other paper in the south part of the state.

Complaints regarding the irregular or improper delivery of either paper should be sent to the office at once.

SUBSCRIPTION RATES.

The DAILY NEWS, $6 per annum, or 12 cents a week payable to carrier;

The NEWPORT JOURNAL, $2 per annum, in advance,

ADVERTISING RATES.

Ordinary Advertisements, $1 a square, for the first insertion, and 25 cents for each continuance: Ten lines or less, in this type, make a square. A discount on these rates is allowed on all advertisements ordered for one week or longer. Funeral Notices 50 cents each.

PRINTING.

Connected with THE NEWS is the largest general printing office in the city. All orders for work in this department will be promptly filled, and at reasonable prices. The patronage of the public is respectfully solicited.

Newport Daily News.

SATURDAY, JANUARY 30, 1875.

THE DAY.

Owing to the extreme coldness of the water, seals have appeared in New York harbor. The Gothamites are anxious to know whether they are grown up cygnets or not.

The empress of Russia went to England to visit her daughter, the duchess of Edinburgh, but she was treated so coolly by Queen Victoria that Mrs. Grant concluded not to go to England, so Mrs. Sartoris was obliged to come home.

Now we know the name of Andrew Johnson's beverage. The New York World says he drinks "delight of battle." It is probable that he only began on this brand last Tuesday. If he drank delight of any kind while he was President it soured on his stomach.

PERSONALS.

......"Bully for you, little Rhody!" Your new Senator can take more responsibility than is always necessary, but he won't steal. —[New York Herald.

......A testimonial tendered to Miss Cushman by a large number of distinguished gentlemen in Washington took place at the Congregational church in that city last evening.

......Miss Evans, the author of "Beulah," "St. Elmo" and other similar novels, has given up writing, and is living in the country, twelve miles from Mobile, Alabama, where she devotes her time to farming and home pursuits.

......A turkey weighing twenty eight pounds, purchased in Providence by a friend of General Burnside, will be despatched to Washington for the Rhode Island delegation in Congress, in honor of the election of the general as United States Senator.

......Palpitation of the heart prevented Mr. Bates, of Tennessee, from going to the Senate. But the most aggravating feature of the occurrence was that it was another man's heart that palpitated. If Mr. Smallwood's heart had kept quiet till his name was called, Bates would have been elected Senator; but it didn't, and Smallwood was taken to the ante-room, and Bates was not elected.' His disappointment may be considered an *affaire du cœur*.—[Worcester Press.

......The Amherst tradesmen cherish a pretty little story of a graduate of the college in 1857, who left town owing several bills, promising as is always the way—to pay them at an early day. In 1870 he surprised his creditors by writing, through a lawyer, for the bills, and that was the last heard of him until a few days ago, when he forwarded funds sufficient to pay all claims, with added interest for seventeen years. The Amherst students will be treated to this story for many a day to come.

......Mr. and Mrs. Sartoris, son-in-law and daughter of the President, have once more set foot upon American soil having arrived by the steamer Republic, of the White Star line. They were met on the wharf by a party of friends, including Colonel Fred Grant and Mr. Honore, of Chicago, and at once took carriages and proceeded to the Fifth Avenue Hotel. In compliance with the paternal injunction any special demonstration was avoided, but the returned couple were greeted with the greatest effusion by the friends in waiting. Dinner was immediately served in the parlor of Colonel Grant, and meanwhile the beautiful flower basket, with the words "Welcome Home," which had been prepared in anticipation of Nellie's return, was placed in her room as a greeting upon her entrance. The passage of the Republic was a very agreeable one for the season of the year and without incident worthy of mention. The party will remain in New York for a short time and then proceed to Washington, where a round of social festivities in honor of the returned "princess" will take place.

NEWS ITEMS.

It has been estimated that the great American nation smokes 5,168,000 cigars a day.

After a stormy session in the house a series of resolutions condemning federal action in Louisiana have been adopted by the Illinois legislature.

The police of Toronto, Canada, have a division of the Sons of Temperance of a year's standing, between thirty and forty members of the force belonging to it.

Professor Gilman of reception hospital of New York is dying from the effects of a wound caused by the tip of an umbrella rib penetrating the eye when falling on the ice.

The French government is systematically organizing a service of carrier pigeons, the great central station of which is to be the Jardin d' Acclimation in Paris, with lesser stations in all the important fortresses.

A large bed of eels has been found on the flats south of Chappaquiddick point, Martha's Vineyard, and many tons have been taken out by fishermen. On Monday a man took one hundred and twenty-six from one hole which he had cut in the ice.

At Oshkosh, Wis., on Sunday a little boy eight years old saved his mother from drowning. She had broken through the ice and the boy laid a board along the edge of the hole, which supported her until he could run off and bring assistance.

A Kansas hypochondriac, meditating upon the death of a dog-fancier in his neighborhood, gives vent to the mournful thought: "Our great men are petering out sort o' rapid like those times. Whiskey kills most on 'em; some tumbles overboard, and 'casionally one gets hung.'

A woman at Williamsport, Pa., who was robbed of $160 by burglars a few nights ago, took a shot gun and killed one of them, who was thrown into the Susquehanna river by his companions. She heard them talking about "murder" as they stood outside after the robbery, and on their attempting to re-enter the house fired with good effect.

William E. Sturtevant, who was sentenced to death at Plymouth on Monday, has recently added another to his ingenious attempts to escape from custody. With a common jacknife he skillfully contrived a wooden key, with which he could throw the bolt in the padlock to his cell, which is situated in the new part of the jail, and is provided with a patent lock of a modern and intricate design. By using this key, which was strengthened by small metallic pins, the prisoner was enabled to open the door to his cell, and on several occasions walked about the corridor without the knowledge of the authorities. At the time of the discovery of his plan he was experimenting upon the lock of the outside door of the jail, and had nearly completed a key with which he hoped to make his escape.

A magnificent necklace and ear-drops of diamonds have been received at the custom house, New York, for delivery to Mrs Lieutenant Thomas W. Fitch, *nee* Miss Minnie Sherman. They were sent by the khedive of Egypt, says the Times, as a wedding present to the daughter of General Sherman, in token of his appreciation of the advice concerning the reorganization and discipline of officers of his army given by the general during his visit to Cairo in 1873. They were forwarded through Oppenheimer Brothers, the Paris bankers, and were consigned to Drexel, Morgan & Co. of New York. The necklace is a perfect mass of large diamonds artistically strung, and with still larger diamonds hanging down at intervals in the form of pendants. The ear-rings are composed of a number of the larger sized diamonds, arranged to match the necklace. Both are contained in a superb jewel-case of velvet, and are accompanied by a congratulatory letter from the khedive. The value of the present is said to be $250,000.

SUNDAY READING.

If the nearness of our last necessity brought a nearer conformity into it, there were a happiness in hoary hairs, and no calamity in halfsense. — [Sir Thomas Browne.

The joy resulting from the diffusion of blessings to all around us is the purest and sublimest that can ever enter the human mind, and can be conceived only by those who have experienced it. Next to the consolations of divine grace, it is the most sovereign balm to the miseries of life, both in him who is the object of it, and in him who exercises it.—[Bishop Porteous.

Were the happiness of the next world as closely apprehended as the felicities of this, it were a martyrdom to live; and unto such as consider none hereafter, it must be more than death to die, which makes us amazed at those audacities that durst be nothing and return unto their chaos again.—[Sir Thomas Browne.

How many bitter thoughts does the innocent man avoid! Serenity and cheerfulness are his portions Hope is continually pouring its balm into his soul. His breast is at rest, whilst others are goaded and tortured by the stings of a wounded conscience, the remonstrances and risings up of principles which they cannot forget; perpetually tossed by returning temptations, perpetually lamenting defeated resolutions.—[Paley.

It is noticed that the consideration of the great periods and spaces of astronomy induces a dignity of mind, and an indifference to death. The influence of fine scenery, the presence of mountains, appeases our irritations and elevates our friendships. Even a high dome and the expansive interior of a cathedral have a sensible effect on meanness.—[Emerson.

Look upon the new year as upon a new teacher coming to thee from the Creator of the human mind. The memory of years gone should, like the dissolved rock on the earth's surface, become the soil of a new harvest. The elements beat the rock into the food of fruits and flowers. So should experience beat life into goodness and virtue.—[David Swing.

I do not hesitate to say that the first and paramount aim of religion is not to prepare for another world, but to make the best of this world; or, more correctly stated, to make this world better, wiser, and happier. It is to be good, and do the most good we can now and here, and to help others to be and do the same. It is to seek with all our might the highest welfare of the world we live in, and the realization of its ideal greatness, nobleness, and blessedness.—[Dr. Caird.

"Christianity," says Wendell Phillips, "is not a dream, but a battle." Every man has proven that true who has made his mark on his age as a Christian man, or as a man of any type worth his salt, and every saint who wears the crown of life won his canonization in that way. They had the sense of God with them in what they were doing. Their souls flamed out into these high, sweet qualities; they held on to them to the end, and they are kings and priests with God. Their possibilities are ours, and it may be better, and their reward is ours when the work is done, and, all through the doing, outward trouble, inward peace; outward darkness, inward light; utter sacrifice, incalculable gain.—[Robert Collyer.

In music, the string drawn over so firmly gives forth no tones until some sounding medium is placed beside it, through which all its motions runs. Society, self and one's fellow-men are places where God's will becomes more manifest, where it passes from the whisper out in most audible and impressive utterance. That soul [referring to Gerritt Smith's death] which last week went away from the world's field of battle to its tomb of rest was a delicate sounding board where Christ's law of benevolence passed from silence into a rich volume of music, so loud that it was heard by mankind, and so sweet that it will not be forgotten.—[David Swing.

There is an eastern story of a sultan who over-slept himself, so as not to awaken at the hour of prayer. So the devil came and waked him, and told him to get up and pray. "Who are you?" said the sultan. "O, no matter," replied the other. "My act is good, is it not? No matter who does the good action, so long as it is good." "Yes," replied the sultan, but I think you are Satan. I know your face; you have some bad motive." "But," says the other, "I am not so bad as I am painted. You see I have left off my horns and tail. I am a pretty good fellow, after all. I was an angel once, and I still keep some of my original goodness." "That's all very well," replied the sagacious and prudent caliph, "but you are the tempter; that is your business; and I wish to know why you want me to get up and pray." "Well," said the devil, with a flirt of impatience, "if you must know; I will tell you. If you had slept and forgotten your prayers, you would have been sorry for it afterward, and penitent; but, if you go on, as now, and do not neglect a single prayer for ten years, you will be so satisfied with yourself, that it will be worse for you than if you had missed one sometimes and repent of it. God loves your fault mixed with penitence, more than your virtue seasoned with pride."

The one great lesson which society is perpetually teaching, the one strain which it is forever chanting is this, that, compared with a life of honor and benevolence, there is no object worth living for in this whole vale. If these will not bring happiness to the rational soul, nothing will. The days all thus speak, and all the years teach this form of wisdom. Let any land, however ancient or however modern, speak, and its real thought is that wealth and ambition and beauty and even the crown of a king bring nothing valuable if they be not the handmaids of an honorable and benevolent life. The tombs of Solomon and Louis XIV are humble places compared with the memory of the humblest child that has followed in the footsteps of Jesus Christ. This the days and years repeat continually. As the sea, come to its shore where you may—in Africa, or America, or England, or in the lonely islands, and in any century, the one that saw a Cæsar land in vanity, or the Puritans land in prayerful hope, sounds always the same deep solemn chant—so human experience, come to it where you may, sounds forth the law that righteousness and good works are the only valuable pursuits lying open to the soul. To this deep voice of society the Bible adds its divine chorus: "Blessed are they that do His commandments." [David Swing.

ANNOUNCEMENTS FOR TOMORROW.

The evening service at the United Congregational church tomorrow evening will be the annual missionary Sunday school concert.

At the Unitarian church the pastor will preach in the morning on "Witnesses." The evening lecture will be ommitted.

LOCAL AFFAIRS.

Three inches of snow fell last night.

—The arrivals and departures of vessels are few.

—James H. Clarke is confined to his house by sickness.

—The icemen are happy and care not how the wind blows now.

—James Gordon Bennett is having built an elegant mansion at Brighton, England.

—The Eolus will not to start until the ice has been cleared from Wickford harbor.

—James G. Albro has received the contract to repair the postoffice and custom house.

—Henry Thurston, slipped on the ice on Spring street yesterday, and hurt himself severely.

—John Steel, is the first member of the St. John's Mutual Benefit Association who has died.

—Samuel Beaumont and Officers Chace, Denman and Flynn are candidates for the vacancy on the day police.

—The yacht Tarolinta, of the New York Yacht Club, has left New York for a cruise to the West Indies.

—Mr. Benjamin Peckham, who lives on the fort road, fell on the ice Thursday and broke his leg.

—Albert Burkinshaw was bitten by a dog on Pelham street yesterday while sledding. The animal will probably die.

—Mrs. Charles H. Malcom fell on the ice in going from the Opera house Thursday night and was hurt so severely as to be confined to her room since.

—The concert by the Barnabee troupe next Thursday evening, with an entire new programme, is the nearest coming event now talked about.

—Dr. Wm. H. Birckhead has removed from his former residence on Catherine street to the Littlefield house corner of High and Mary streets and has resumed his practice.

—At the sale of reserved seats at the Opera house Thursday evening more than fifty were sold at $1.37 and nearly that number at $1.25. The average price paid was fully up to the price now asked at private sale.

—Thomas Burlingham sold at auction today two shares of the capital stock of the First National bank for $163.00 dollars each on a par value of 100.00. Mrs. Sophronia White was the purchaser.

—In spite of the storm Pelham street was black with coasters last evening. A policeman was stationed at the foot of the street to look out for passing teams. The "doublers" started from the Atlantic House and had their terminus at Thames street, but before the city had sand bar laid they managed to reach the head of the dock on Kinsley's wharf.

—The forthcoming report of the Senate committee on naval affairs speaks in high terms of the torpedo station. All the manual labor in the preparation of chemicals and other materials used in the manufacture of explosives for torpedoes is performed by the young naval officers sent to the station for instruction, who are thus made familiar with the composition and use of those destructive engines of war.

—The steamer Bay Queen did not reach Providence before one o'clock yesterday, on account of the ice, and we learn she received some injuries which, with those sustained previously, rendered it necessary to withdraw her from the route for repairs. The City of Newport was got in readiness, which took some time, as she was frozen up. She did not arrive at her dock here last night until 8 o'clock.

A WOMAN WHO DARED.—There was a storm on Pelham street last evening. A wrathful woman made a raid on a "double runner," captured the boys thereon seated, loosened their hair, raised the temperature of their ears till they were red hot, elongated their noses by slow, but protracted pulling, kicked the patches off their pantaloons and stimulated their lungs into marvelous activity. She wound up her performance by ripping the board off the bob sleds in the presence of some two hundred spectators and marching home with it. The boys had stolen her ironing board.

GRASSHOPPER TEA PARTY.—There will be a "grasshopper tea party" at the Academy of Music next Saturday evening, February 6th. Contributions may be sent in on Friday from two till four o'clock. The affair will be under the patronage of ladies, permanent and transient residents of Newport, who are leaders in society, and who will make it a social as well as a pecuniary success. There is great need in the desolated districts of the West of prompt and generous assistance. The people are suffering for want of food and clothing. The invitation that the ladies have extended will meet with a generous response.

HOLD ME TIGHT. The Mercury of this morning has a communication with the above heading which is doubtless considered funny. The public will really sympathize with the young men who picked up ladies promiscuously in the street, and that too by lamp light, and embraced them with great cordiality and affection. It is very strange that in such a case they should find themselves in company of which they are now ashamed. The only cause of complaint of which we are informed at present relates to the complexion of the party referred to. It is hardly possible that in such a promiscuous generalization there may have been white women in the enjoyment of the same familiarity whose color is not their greatest fault. It is not always safe to pick up veiled ladies in the evening and press them to one's bosom. JOE.

MR. STEEL'S FUNERAL.—By request of the late Mr. John Steel's family the funeral will be in charge of St. John's Lodge of Masons, but the bearers will be selected from Rhode Island Lodge, No. 12, I. O. O. F. The Masons will meet at their hall tomorrow noon whence they will march to the Odd Fellows' hall and escort Rhode Island Lodge to the late home of the deceased. The funeral services will occur at Emmanuel church at halfpast one o'clock, the Rev. S. C. Hill, officiating. The procession will be headed by the police, which will be followed by Rhode Island Lodge, I. O. O. F. and Washington Commandery and St. John's Lodge, F. and A. M., in the order named. Washington Commandery has already acted as a funeral escort on several occasions, but tomorrow will be the first time that they have actually participated in the funeral services.

REAL ESTATE SALES.

Robert North and wife have sold to Mrs. Anna Green of Nonak, Conn., about 3000 feet of land with buildings on the east side of Edgar court for $1700.

Charles Spooner has sold about 12,000 feet of land on the south side of Ayrault street to William S. Cranston, Jr., for $5000.

SUNDAY SCHOOL LESSON FOR JAN. 31, 1875.

(By S. H. Weller, in the Chicago Alliance.)

INTERNATIONAL SERIES.

Jericho Taken.

Joshua VI 12, 20.

The preparation is complete. The rites of worship have been celebrated. The matter of subsistence has been settled. The divine message and divine assurance have been given. The message not only encourages the forward movement but prescribes the mode of attack. Jericho is a stronghold, but it is the key to the land, and it is first to be reduced. And then success here will strengthen them for further conquest. We have now to consider the strange method and marvelous result of this opening engagement. We have

I. THE CITY ENCOMPASSED.—The plan was communicated to Joshua. The reduction of the city was not to be effected by siege. The army of Israel was to compass it and the arm of Jehovah was to be manifested in its subjugation. We inquire

(1) When they compassed the city. As to time of year, it was in the Spring, soon after the passover season. As to the time of day, it was in the early morning of each day. On the seventh or last day the procession must have continued through the entire day.

(2) How often? They were to compass the city for seven successive days. Once on each of the six days, and seven times on the seventh day.

(3) Size of the procession. This cannot be definitely stated. The procession was made up of armed men and priests. The arm bearing men numbered 600,000. It is not known what proportion of these were engaged. It is thought scarcely possible for so large a number to pass in procession seven times about the city in one day. Hence it is thought they may not all have been engaged.

(4) Order of procession. This was (a) The armed men probably the main body. (b) The seven priests with the seven trumpets. (c) The ark borne by a detachment of priests. (d) The "rere-ward." It is not intimated that these differed in standing or equipment from those in advance. They probably marched at some distance from the city walls. The ark, the symbol of the Divine presence, was thus in the midst of the procession.

(5) Their weapons. These were few and simple. Probably the sword, the spear, the bow and shield. Of course none of these were brought into requisition. The trumpets were probably the most effective of their weapons. They regulated the march, imparted an air of solemnity, impressed the beseiged, and designated the place of the ark, the symbol of the power that guided them.

II. THE CITY DEVOTED.—They have compassed the city the last time on the seventh day. There is yet no sign of victory. But they are on the verge of it. Joshua at this point explains that the avails of this victory are "devoted"—solemnly set apart—to destruction or sacred use, and exhorts them to regard this important fact as they enter the city. Note

(1) The destruction. All that is in the city shall be "accursed." "Devoted" is a better translation. The entire city was really to be devoted, but not accursed, in the sense in which that term is commonly used. A great portion of it was devoted, or doomed to destruction. To appropriate anything thus doomed was to share its destruction. The city and its people were destroyed by sword and fire.

(2) The preservation. Rahab and her household were not to share the common destruction. They were sacredly set apart and saved from the doom of the multitude. This he enjoins them to remember on the eve of victory.

(3) The warning. The victory is the Lord's and He decides what disposition shall be made of the spoil. He warns them against taking—appropriating—anything in the city. Everything in the city has been "accursed," that is, devoted, or consecrated to some end, and woe be to them if they interfere with this purpose of consecration. No part of it is to be theirs, and if anything be taken the doom to which it has been appointed will follow it. If taken into the camp it will trouble the camp.

(4) The treasure. The treasure is to be saved, and regarded as sacred to the Lord. It is consecrated to Him and must come into His treasury. The violation of this order, as we shall see, brought trouble to Israel and doomed the guilty to destruction.

III. THE CITY TAKEN.—The city has been compassed the appointed number of times. Joshua's final instructions to Israel have been given. The consummation is at hand. Note

(1) The signal. "The priests blew with the trumpets." This was something different from their blowing in the daily processions about the city. It was what is called in a previous verse, "a long blast." It was a special signal, whose meaning Joshua and the people understood.

(2) The shout. "The people shouted with a great shout." This they were to do immediately upon hearing the signal just referred to. Up to this moment absolute vocal silence is enjoined. At this point, however, the great army encircling the city lifts up its voice in one united and mighty shout.

(3) The miracle. "The wall fell down flat." It was not merely breached, but the entire wall was prostrated. Every man could pass directly over it into the city. This must have filled the people with consternation. Some mighty Hand was there.

(4) The capture. "They took the city." Their foes were thoroughly disconcerted and beaten. They could make no resistance. Israel at once came into full possession. The city was destroyed: nothing spared but Rahab and the treasures.

LESSON.—Jericho typifies the enemy. Before a faithful church the mightiest strongholds will give way. "By faith the walls of Jerico fell down." Our weapons "are not carnal, but mighty, through God, to the pulling down of strongholds." Works followed Joshua's faith, and victory followed his works. Beware how you use that which is devoted to God. Seven is the symbol of perfection,—complete success to Israel,—complete destruction to Jericho. Israel may have seen no reason in God's method, but they followed it and won. Obey the Master and Heaven is yours.

CAPITAL NOTES.

The Secretary of the Navy has signed the contract awarded some time since to Miss Vinnie Ream by General Sherman and Mrs. Farragut, a majority of the committee appointed by Congress to select an artist for the execution of a bronze statue of the late Admiral Farragut.

Mr. Conkling's speech on the Louisiana resolution in the Senate is considered by all Republicans as the ablest of the entire debate. It is certainly the best on the administration side, and in rhetorical effect far superior to any other. The floors and galleries were crowded as they have been but once before this season.

Very few cases of intoxication have been observed during the filibustering in the House of Representatives, and up to Thursday night none of those disgraceful scenes formerly so common occurred. At about eleven o'clock, however, a Mississippi member, finding the doors of the House locked, smashed in a window between the corridor and the barber's shop, and entered that way.

Judge Baker made an argument, Thursday morning, before the Senate committee on territories, in favor of a bill to organize the territory of Oklahama out of the Indian Territory. In effect the bill provides a territorial form of governments for the present Indian Territory, and extinguishes the titles of the Indians to the lands which they have acquired by treaty or otherwise. The opponents of the bill have not yet been heard. The members of the committee feel that the subject under consideration is a grave one, involving, as it does, the breaking up of tribal relations in the territories, and the forfeiture of rights and privileges guaranteed the Indians by the general government. There is no probability of the passage of the bill this session.

The Senate committee on privileges and elections, to whom were referred the last credentials of Mr. Pinchback, will report on Monday, at the latest, in favor of the admission of Pinchback. At a meeting held Thursday morning it was agreed to recognize Kellogg governor of Louisiana, and that Pinchback has a *prima facie* right to his original credentials. The vote of the committee on this resolution was as follows: Yeas Messrs. Morton, Anthony, Logan, and Mitchell; nays, Messrs. Alcorn, Hamilton of Maryland and Saulsbury: absent, Messrs. Carpenter and Wadleigh. Had he been present, Mr. Carpenter would have voted against the proposition to admit, while Mr. Wadleigh would probably have voted in the affirmative. Mr. Alcorn remarked after the passage of the resolution, that since a majority of the committee had voted for the resolution he should vote for the admission of Mr. Pinchback.

BUSINESS NOTICES.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of coughs, severe colds settled on the breast, consumption and other diseases of the throat and lungs. No medicine ever had such a success. 300,000 sample bottles have been distributed every year for three years by druggists in all parts of the United States, and nearly 1000 letters from druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your druggist, Jas. H. Taylor, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

☞Just received another lot of those nice sleigh and clipper sleds, which are selling rapidly for 99 cts each; also a large lot of clothes horses 99 cts each. Coal hods, stove poker, lifter and shovel all for 99 cts. Remember Cottrell's block, 2nd door south of post office.

DIED.

STEEL.—In this city, 28th inst., John Steel in the 56th year of his age.

The funeral will take place from the Emmanuel church tomorrow (Sunday) at 1½ o'clock. Relatives and friends are invited to attend without further notice.

KEITH.—In East Bridgewater, Mass., 27th instant, Willie F., only child of George and Mary Hannah Keith, aged five months and sixteen days.

The funeral of Miss Sarah J. Cook will take place on Monday, February 1st, at 12 o'clock from her late residence on Bull street. Her friends and the friends of the family are invited to attend without further notice.

BROWNELL.—At Portsmouth, 29th inst., Oliver Brownell, aged 81 years, 9 months and 14 days.

The strengthening and supporting influence of Hunt's Remedy acts promptly on the kidneys, bladder and prostrate gland, and banishes disease from them. It also eradicates gravel, diabetes, dropsy, complaints of the urino-genital organs and fortifies the whole system. It is a diuretic, solvent, alterative and tonic. This potent medicine has the sanction of the medical faculty. jan29-1w

☞ Young men, if you have been eating or drinking to excess, do not use Seltzer Water, but take Milk of Magnesia, which is much more effective. Indigestion, sick head ache, and vomiting food, positively cured by Milk of Magnesia. Caswell, Hazard & Co., Agents. jan23-1m

☞ To mothers—for infants and children, to prevent food turning sour on the stomach use Milk of Magnesia; it cures dysentery and diarrhœa, invigorates the stomach and bowels, and corrects acidity. Physicians recommend and prescribe it. Caswell, Hazard & Co., Agents. jan28-1m

The Wear and Tear of City Life.

The wear and tear of city life are a severe tax upon the strongest constitutions. The hurry and turmoil and anxieties of business keep the nervous system in a state of unnatural tension during business hours, and in the end impair the elasticity and vigor of the vital organization. The penalty of all undue ... to subsequent exhaustion. The best remedy for it, whatever the cause, is Hostetter's Stomach Bitters, the tonic and alterative properties of which rapidly diffuse themselves through the entire system, revive and reinforce every dormant faculty, and restore a natural condition of body and mind. Some moral reformers insist upon the disuse of all stimulants. This, to say the least of it, is irrational. All competent physicians admit that a pure medicated stimulant is one of the most useful remedies known. As a tonic and invigorant for the aged and languid, Hostetter's Bitters has no equal. It is the sheet-anchor of the feeble and debilitated. In all climates and in every species of disorder which breaks down the bodily strength, it is an absolute specific. It is also an invaluable remedy for sea-sickness. The nausea and retching caused by the pitching and rolling of a vessel at sea paralyzes the bodily and mental energies, and those who suffer from it would do well to resort to the Bitters as a means of sure cure and permanent relief. No steamer should sail without a supply of the article. Among the botanic ingredients of which it is composed are some of the most powerful blood depurents which the vegetable kingdom affords. Consequently, it not only tones and invigorates, but also purifies the system through the natural sluices which nature has provided.

☞ Milk of Magnesia is something entirely new. It is employed in all cases where Magnesia is beneficial, and being rendered free from the deleterious tendencies of calcined and other magnesias is far preferable, and is very valuable in infancy, as from its agreeable taste and milk-like smoothness children will take it when they cannot be induced to take anything else. Caswell, Hazard & Co., Agents. jan28 1m

FOR PILES nothing is better than a free use externally and by injections, of "Constantine's Pine Tar Soap." Piles are driven away by it. The medicinal properties of the Tar act like a charm in this disease. Send three cent stamp for Almanac to Wright Gillies & Bro., New York. jan14-2w

It is useless to attempt to cleanse a stream while the fountain is impure. Dyspepsia, complaints of the liver or kidneys, eruptions of the skin, scrofula, headaches, and all diseases arising from impure blood are at once removed by DR. WALKER'S CALIFORNIA VINEGAR BITTERS, purifier of the blood, and renovator of the system. It has never been known to fail. jan5-1w

Newport Daily News.

SATURDAY, JANUARY 30, 1875.

GENERAL NEWS.

FROM WASHINGTON.

Forty Six Hours and Twenty Five Minutes of Continuous Session.

WASHINGTON, Jan. 29.

The House adjourned at ten o'clock and twenty five minutes this morning, after a continuous session of forty six hours and twenty five minutes. There was no compromise. The motion to adjourn was made by Mr. Ward, of Illinois, who said it was evident the extent of human endurance had been reached, and that no legislation could be had under the present rules of the House. He was unwilling to submit to the torture longer and therefore moved to adjourn. The vote was 75 against 60, nineteen Republicans voting in the affirmative. The roll was called seventy five times during the sitting. The House will meet Saturday noon.

The United States Loan.

The contract for the negotiation of the five per cent. funded loan made with the syndicate in July last was renewed at the Treasury today. J. S. Morgan & Co., of London have been added to the combination. The firm's subscription now made is for twenty-five millions, with a six months' option for the balance.

The Arkansas Affairs.

It has transpired that the President had a conference at the capitol day before yesterday with the special committee on the affairs in Arkansas and informed them that their intended report against the Garland government did not meet his approval. It is stated today that Messrs. Poland and Scudder of the committee will merely report the facts and law of the case without recommendation; that Messrs. Ward and Saylor will recommend the recognition of the Brooks government, and consequently the deposition of Garland, and that Mr. Sloss will present still another report.

Senator Conkling's Speech and Senator Gordon's Defence of the South.

Senator Conkling finished today his speech on the Louisiana resolution, which his friends think has greatly increased his reputation as an orator. Mr. Gordon followed an eloquent defence of the Southern people, asserting their good faith, and deprecating the distrust with which they are treated. Reading from Macaulay's history of England the story of Titus Oates, he said: "Substitute for Titus Oates the carpet-baggers of the South and for the Catholics the Southern people, and you will have as perfect a daguerreotype of Southern society since the war as history will ever write. He refused to believe that the people of the North entertained the bad opinion of the South which had been expressed on the floor of the Senate; and, to show his reason, sent to the clerk's desk a letter from a Northern Republican as a sample of many received by him. His denunciation of the character of the men who had governed the Southern states under the Republican rule—the Bullocks, Blodgetts, Littlefields and Kelloggs—was severe in the extreme.

FROM NEW YORK.

Starvation in Kansas.—An Urgent Appeal for Help.

NEW YORK, Jan. 29.

John J. Donald, under date of Burr Oak, Jewel county, Ks., 21st, writes that ten miles west of that place two families have starved. One contained eight persons. When found, the husband, wife and six children were dead. The other family consisted of a delicate woman and one child. The husband went to St. Joseph for help. When it came the mother and child were dead. Many more will starve unless helped, for there is not one man in a hundred will grain enough to last through the Winter. Who will help?

Collision of the Erie Railroad.

An inward bound freight train on the Erie road while stopping at a station west of Paterson this forenoon, was run into by another smashing several cars in the collision. The engineers and firemen saved themselves by jumping. There was considerable petroleum on the train, which caught fire, and both trains were consumed. Loss heavy. Travel was suspended on the line some four hours, but was resumed shortly after noon.

Reported Prospect of Reduced Railway Rates.

It is stated that the general freight and passenger agents of most of the Western roads with Eastern connections, are in this city consulting with the managers of the roads upon the necessity it a reduction of of the rates. It is stated that most of those roads are on the verge of bankruptcy. It is expected orders will be issued today to reduce passenger rates on Lake Shore immediately, which the other roads will follow. A proposition is now being considered by nearly all the Western roads to reduce all wages ten per cent. The engineers will strike if a reduction is made.

Postal.

The mails from Boston, due here at 6.30 did not arrive till about 10 o'clock today, the Shore line failing to connect.

Yale Alumni Meeting.

The third annual meeting of the Yale College alumni association was held this evening, Dr. William Adams presiding. Resolutions were adopted regretting the deaths of Maunsell B. Field and Joseph B. Varnum, late members of the association. A paper was read by Professor W. G. Sumner of Yale College, on "Political Science in American Colleges," advocating the formation of classes for the study of political science, and declaring that statesmen should be chosen from our universities. The proceedings were brought to a close by a collation, followed by impromptu speeches.

Alarming Spread of Diphtheria.

Owing to the want of proper sanitary precautions, diphtheria is spreading in New York with alarming rapidity. Several eminent doctors of the east side have issued a protest against the ill ventilated schools and filthy street cars, which, it is claimed, are the great disseminators of this fatal disease. Mrs. Rousby, the English actress, who has been playing Queen Elizabeth at the Lyceum, is very ill with the diphtheria, and the theatre is closed.

The Ice Blockade in the Harbor.

Ice continues in the harbor and rivers today, but not generally so heavy as during the last few days. Ferry connection with Staten Island continues suspended after dark. An immense block of ice, some mile and a half in extent and from six to ten inches in thickness, struck against the northern and eastern shores of Staten Island yesterday, and did considerable damage to a few vessels but none to the piers there, and some small buildings on the shore, as it piled up some ten feet high in several places. It subsequently swung around with the outgoing tide, and for several hours completely blocked up the narrows between Forts Richmond on Staten Island, and Lafayette on Long Island. Steamship Cuba, bound for Havana, could not penetrate the floe and anchored in quarantine until morning. Several other smaller steamers, bound in, were compelled to remain at Southwest Spit until this morning. The Fall River and Stonington boats met no serious obstructions in East River or in the Sound, although both lines passed through the ice from Blackwell's Island to Throgg's Neck. The boats of both these routes arrived on time. The present thaw, if it continues another day, will result in large quantities of ice being detached from up the river, and ebb tides will add these heavy cakes to that already moving here.

Boggs got up too early one morning, and began to scold the servant girl. His little six-year old, who had been listening attentively during the conversation, broke in with, "Father, stop scolding; you needn't think that Jane's your wife."

GENERAL ASSEMBLY.

ADJOURNED SESSION AT PROVIDENCE.
FRIDAY, Jan. 29.

Senate.

The senate met at 11 o'clock, and was called to order by the lieutenant governor.

Mr. Blake, of Cumberland, presented the sixth annual report of the board of state charities and corrections, with resolution to print fifteen hundred copies in pamphlet form for the use of the board and the General Assembly. The report was received and the resolution adopted.

Mr. Cook, of Burrillville, presented the report of the joint committee on executive communications, in relation to the governor's annual message. The report recommends that those portions of the message relating to prohibition, state census, finances, education, military affairs, state prison, state farm and fisheries be referred to the appropriate standing committees of each house; that so much of said message as relates to the state normal school be referred to the joint special committee on that subject; that so much as relates to a new state house be referred to the joint special committee on that subject; and that so much as relates to the hours of factory labor be referred to a joint special committee to be appointed for the purpose of taking the matter into consideration, in accordance with a resolution accompanying the report. The report was adopted, and ordered communicated to the house.

House resolution providing that when the General Assembly adjourn this day it shall adjourn to Tuesday morning, February 2, was also received and concurred in.

Invitation from the house for the senate to join that body in grand committee at 11½ o'clock A. M., Tuesday, Feb. 2, for the purpose of sorting and counting the votes cast for Representatives to the House of Representatives of the next Congress, was received and accepted.

House of Representatives.

The house met this morning as per adjournment, Mr. Speaker Freeman in the chair.

Mr. Rogers, of Providence, offered a joint resolution for adjournment from today until Tuesday next, at 11 o'clock A. M., which was read and passed.

The speaker announced appointments on select committees as follows:

To Examine and Select Site for New State House.—George Lewis Cooke, of Warren, Edwin Darling, of Pawtucket, and Elisha C. Clarke, of South Kingstown.

To Examine and Select Site for Normal School.—Augustus Woodbury, Albert C. Dedrick, of Warwick, Bradbury C. Hill, of Woonsocket.

Mr. Dixon, from the committee on the judiciary reported favorably senate act in addition to chapter 141 title XIX of the general statutes, "of the returns of banks and institutions for savings," requiring such institutions to include in their returns the date and rate per cent. of the last dividend. Read and passed to be engrossed in concurrence.

Also, from the same committee, reported favorably the act in amendment of chapters 181, 182 and 183 of the general statutes, providing for an additional judge of the supreme court, two terms of the court of common pleas in one county at the same time, and four civil terms of the court of common pleas per annum. The bill was read a second time and passed.

Also, reported favorably act in amendment of Sec. 37, chapter 195, of the general statutes, correcting a verbal error in said section. Read a second time and passed.

Also, reported favorably act in amendment of chapter 77 of the general statutes "of the registration of births, deaths and marriages," striking out the clause which requires that the registrar shall be recommended by the Rhode Island Medical Society. Read a second time and passed.

Also, that said committee be discharged from the further consideration of the petition of the town of New Shoreham for permission to build a wharf at Block Island, as the matter was not in the control of the state, but of the United States, and recommended the petition be indefinitely postponed. Laid on the table on motion of Mr. Clarke, of Cumberland, till the Representative from New Shoreham be present.

Mr. Spencer, from the committee on education, reported back the act in amendment of an act to incorporate the Yearly Meeting of Friends in New England, recommending that it be referred to the judiciary committee, which was done.

Also from the same committee, reported favorably on the acts to incorporate the trustees of the Presbyterian church, at Narragansett Pier which was read a second time and passed.

Mr. Pratt of Newort, presented petition of Henry E. Turner and others, that the secretary of state be authorized to publish a supplementary volume of the colonial records, containing lists of the freemen of the state from 1717 to 1757. Received and referred to the committee on education.

Mr. Eaton, of North Providence, presented petitions of Anna E. Chace and 573 other women, and of Harvey Chace and 341 other men, for women suffrage, which was received and referred to the joint special committee on that subject.

In Grand Committee.

At 12 o'clock, the senate came in, and the two branches met in grand committee, Lieutenant Governor Van Zandt in the chair.

Mr. Walker, of North Providence, moved that the grand committee proceed to the election of an adjutant general of the state, to fill the vacancy caused by the resignation of Gen. E. C. Mauran, and nominated for that position Col. Heber Le Favour, of Pawtucket, the present assistant adjutant general, and for the past year acting adjutant general. Mr. Walker said: Col. Le Favour is a young man, Rhode Island born and bred, who rose from the ranks successively to captain and brevet brigadier general of Michigan troops. He has filled the office the past year with entire satisfaction to the state and the militia. Col. Le Favour was then unanimously elected.

Another squad of justices of the peace and public notaries was elected, and the committee rose and the two houses separated.

Newport Daily News.

SATURDAY, JANUARY 30, 1875.

[Concluded from first page.]

by day, or a light by night, displayed from the attic-window of his hiding place, which was just visible at the mouth of the river, should inform them if he were in trouble, and put them on the alert to help him. As soon, therefore, as he started from his cousin's the signal floated from the window to warn them. And when they saw the pursuing party dash madly down the road to the river, and recognized the British uniform of the leaders they pulled swiftly out to sea. The horsemen reached the shore only in season to see the boat with two men in it nearly out of sight; and supposing their destined prey had escaped, relinquished the pursuit.

Meanwhile the hunted victim lay safe and quiet, where the simple shrewdness of the little cousin had hidden him, until the time came for her return for supper. Then he bade her go as usual to her home, telling her to ask her mother to place the signal lamp, as soon as it grew dark, in the window, for the boatman, and to send him there some supper, with his valise, which, in the hurry of departure, he had left behind.

The signal recalled the boat, which after twilight had ventured in sight of the shore and the farmhouse, and the governor quietly made his way to the river in safety. When he rejoined his father in a secure home, he named his infant daughter, which had been born in his absence, "Hetty Marvin," that he might be daily reminded of the little cousin whose truth and shrewdness saved his life.—[Indiana Churchman.

HOW IT ORIGINATED.—It is seldom that a rumor is traced to its source, but the story of the death of Queen Victoria, which was recently circulated, appears to be an exception. The origin of the canard is accounted for by a correspondent of a Liverpool paper, who writes: "The rumor about the queen's alarming illness had its origin in the following circumstances: In a certain London newspaper office there is a biography of the sovereign, which was written ten years ago, and the editor, with the provident forethought of his class, deemed it desirable that it should be revised and brought down to date. It was given out to one of the staff, and duly 'revised and corrected.' The editor thought it would be well to see the article in type, and he gave it out to be set up. A compositor happened to see the notice when it was in type, read the solemn and affecting announcement with which it opened, and immediately proceeded to disseminate the melancholy intelligence. As soon as the story was fairly set agoing it traveled in all directions, and underwent all sorts of modifications. In one of its forms it reached the ears of some credulous correspondents, and thus obtained a wide circulation all over the country."

VEGETINE

PURIFIES THE BLOOD, RENOVATES AND INVIGORATES THE WHOLE SYSTEM.

Its Medical Properties are

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully-selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of **Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Fulness in the Stomach,** and all diseases that arise from impure blood. **Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints,** can only be effectually cured through the blood.

For **Ulcers and Eruptive Diseases** of the **Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm,** VEGETINE has never failed to effect a permanent cure.

For **Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa,** arising from internal ulceration, and uterine disease, and **General Debility,** VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For **Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness, and General Prostration of the Nervous System,** no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable **BLOOD PURIFIER** yet placed before the public.

PREPARED BY

H. R. STEVENS, Boston, Mass.

WHAT IS VEGETINE?—It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep,—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and cures all diseases originating from impure blood. Try the VEGETINE. Give it fair trial for your complaints; then you will say to your friend, neighbor and acquaintance "Try it: it has cured me."

VEGETINE for the complaints for which it is recommended, is having a larger sale throughout the United States than any other one medicine. Why? **Vegetine will Cure these Complaints.**

VALUABLE INFORMATION.

BOSTON, Dec. 12, 1869.

Gentlemen—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Salt Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any benefit until I commenced taking the VEGETINE, and before I had completed the first bottle I saw that I had got the right medicine. Consequently, I followed on with it until I had taken seven bottles, when I was pronounced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of VEGETINE. To benefit those afflicted with Rheumatism, I will make mention also of the VEGETINE's wonderful power of curing me of this acute complaint, of which I have suffered so intensely.

C. H. TUCKER, Pas. Ag't Mich. C. R. R.,
Jan4-4w 60 Washington street, Boston.

VEGETINE IS SOLD BY ALL DRUGGISTS,

Newport Testimony.

STATEMENT OF MR. RICHARD STAFFORD.

NEWPORT, Jan. 7, 1875.

W. H. CARPENTER, M. D.—Dear Sir:—Having received great benefit from your treatment of my case of deafness and discharges from my ears, I beg to offer you my sincere and heartfelt thanks, hoping at the same time this correspondence may be of use to you professionally. To the public I would say, (if you decide to put this in print,) that as the result of Scarlet Fever, I was troubled for the whole of twenty years with a filthy, disgusting discharge from both ears, which made me grow deafer and deafer, and caused a polypous to grow in one ear, and I received no relief until I applied to Dr. C., for a remedy. I at once placed myself under his care, and through his skillful treatment I have completely recovered from the unpleasant and deplorable condition I was in. My faith in Dr. C's skill is unbounded as I considered my case almost incurable before applying to him.

RICHARD STAFFORD, No. 8 Cross street.

CERTIFICATE OF MR. JOHN CASWELL.

NEWPORT, R. I., Dec. 12, 1874.

TO THE EDITOR OF NEWS:—I wish to recommend Dr. Carpenter's treatment to such of the community as have Scrofula. I inherited it, and it has always run in my blood, and last Fall it became terrible, injuring my health, and attacking my head and face particularly and so disfigured me that a neighbor that met me did not know me until I spoke to him. I applied to Dr. Carpenter, at the Perry House, and his medicines have met with gratifying success. My health is now good, have very little trouble with the humor, face looks natural, and I hope with a little more treatment, to eradicate the poisonous humor from my system entirely. I reside in Middletown.

JOHN CASWELL.

Catarrh and Polypus.

Home Testimony.

NEWPORT, R. I., Nov. 6th, 1874.

This is to proclaim what Dr. Carpenter has done for me. I suffered from Catarrh 40 years, and the last 10 years my nasal passages were filled with Polypus. I employed physicians from time to time, and two years ago, went to Boston, and was doctored there three months, and left off worse than I began, and I was almost discouraged. But I felt that I must do something, for I was obliged to keep my mouth open and my health was becoming impaired. So I went to Fall River last Spring, and placed myself under the care of Dr. Carpenter. His treatment proved highly satisfactory. He removed and cured the Polypus, I can breathe naturally, the Catarrh troubles me very little and altogether I am comfortable and as well as a man 80 years of age, can expect to be, and I hope this testimony may be the means of securing relief to other sufferers. I reside in Middletown.

ASA PECKHAM.

Permanent Cures of Scrofulous Catarrh.

Testimony of a Citizen of Newport.

My son and daughter were sufferers from Scrofulous Catarrh from birth, and with discharges, swellings upon their necks; and an utter inability to breathe through the nose, they were uncomfortable enough, when we placed them under the care of Dr. Carpenter in 1865. His remedies cured them in a few months and they remain well to this day. I publish this with the hope it may be the means of securing relief to others.

S. B. BREWSTER,
PENNY HOUSE,
Newport, Nov. 2d, 1874.

A CARD FROM

Mr. John Beattie Jr.

(From Fall River News.)

FALL RIVER, Jan. 22, 1874.

W. H. CARPENTER, M. D.,—My Dear Sir:—Allow me thus publicly to express my gratitude for the great benefit conferred upon me by your treatment. I was afflicted for years with Catarrh which had become a constant torment to me, the irritation and inflammation having increased until ulceration was the consequence. Your treatment has been attended with the happiest results. I am now comfortable, my head feels well, and I believe myself cured of that horrible disease.

JOHN BEATTIE, Jr.,
Mr. Beattie is of the well-known Firm of Wm. & J. Beattie, Jr., Granite Dealers and Contractors, 2 Quarry street.

A CARD FROM WALTER SCOTT, Esq.,

EDITOR OF BORDER CITY HERALD, OF FALL RIVER.

I have known Dr. Carpenter since he commenced practice in this city, and I am satisfied that he is a skillful physician and has been successful in the treatment of a great majority of the cases in which he has been consulted. Of my own personal knowledge, I have reason to testify that quite a number of the individuals cured were nearly hopeless in their condition; some about blind, others deaf, and others laboring under Bronchial and Catarrhal affections, and I have seen the same persons restored under his treatment to their normal state of health. I therefore, knowing these things, without hesitation recommend him to persons suffering from the maladies he has made his special study for years.

WALTER SCOTT.

VOICE RESTORED.

TESTIMONY OF MISS GARDNER.

(From Fall River News.)

DR. CARPENTER:—Dear Sir,—My thanks and gratitude are yours. When we consulted you last April, I was miserable indeed; I had lost both my health and my voice, and for two and a half years I could only whisper faintly. I had been doctored so much that we had little faith in the ability of any physician to restore me, but your treatment has performed a cure. I can talk aloud, and my health is good, better than for years. You may publish this if you wish; and as I do not reside in Fall River, I will refer to Mr. Wm. H. Mason, No. 44 North Main street, and Mr. and Mrs. Mason Reynolds, No. 64 Durfee street, with whom I resided during treatment. Respectfully yours,

MISS HATTIE GARDNER.

Swansea, Mass., Sept. 16, 1874.

Scrofula and St. Vitus Dance Cured.

(From Fall River Herald.)

When we took our daughter Ellen to Dr. Carpenter last May, at the Mount Hope House, she was in a terrible condition from Scrofula and St. Vitus Dance, and was not willing to go among folks, for her limbs jerked and twitched so she had not much control over them, but through Dr. Carpenter's skill she has been restored, and is now well. We want this cure known, for some of our acquaintances have taken their children to Europe for treatment, thinking they could not be cured in this country. This case is well known by our neighbors.

GEORGE HEAP,
White Block, Border City Mills.
Fall River, Sept. 11, 1874.

Mr. A. D. White's Card.

(From Fall River News.)

FALL RIVER, May 23, 1874.

To my Friends and the Public:

It affords me great satisfaction to be able to testify to the success of Dr. Carpenter in the treatment of my Ears, which were a source of trouble and annoyance to me more than twenty years. Dr. C.'s treatment restored them, and they have been well several months. I have great confidence in Dr. Carpenter's skill and success in practice, and do not hesitate to recommend him.

A. D. WHITE,
Firm of Dennis White & Son,
Troy Building, Pleasant St.

Catarrh and Blindness.

(From Fall River News.)

Testimony of Mrs. J. Ciomb, of Fall River.

I was diseased with an aggravated form of Catarrh ten years, and in consequence my eyes became affected in December last, and grew worse until I could not go about without being led. Was under the care of several doctors and at the Boston Infirmary, but got no help until I consulted Dr. Carpenter at the Mount Hope House, April 2d. Under his treatment I began to improve immediately, and now I consider myself cured. I think everyone should know there is a physician in Fall River who can cure such diseases. As I am not very well known in this city, I am at liberty to refer to W. Scott, Esq., No. 1 Ferry street, who saw me when I was in a state of Blindness and since I was cured.

MRS. JEREMIAH CIOMB.

REGULATIONS.

1. DEPOSITS will be received as low as one dollar, and when any person's deposits shall amount to five dollars, they will be put upon interest, at such times as are hereafter named; but no fractional parts of a dollar will be received.

2. All sums deposited on the third Monday in January, April, July and October, go immediately on interest. Deposits made after the third Monday in January, April, July and October, will not commence drawing interest until the beginning of the following quarter.

3. A dividend of the income or profits of this institution will be declared payable semi-annually, on the third Mondays of January and July, but no interest will be paid on any sums withdrawn before said dividend.

4. All dividends that are not withdrawn, will be added to the principal, or sum put in, and the depositors will thereby obtain compound interest.

5. The Treasurer is authorized to pay out to the depositors the whole or any part of their deposits or dividends, at any time when called for.

6. The members of the Board of Trustees do not receive any emolument for their services, nor can any money be loaned to either of them.

7. If persons die who have money in the Savings Bank, the money will go to their heirs, or persons to whom they may have given it by will.

HAVE YOU TRIED

JURUBEBA?

ARE YOU

Weak, Nervous, or Debilitated?

Are you so Languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful tonic and invigorator, which acts so beneficially on the secretive organs as to impart vigor to all the vital forces.

It is no alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

It regulates the Bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.

Its operation is not violent, but is characterized by great gentleness, the patient experiences no sudden change, no marked results, but gradually his troubles

"Fold their tents, like the Arabs,
And silently steal away."

This is no new and untried discovery, but has been long used with wonderful remedial results, and is pronounced by the highest medical authorities, the most powerful tonic and alterative known.

Ask your druggist for it.

For sale by GEO. C. GOODWIN & CO., Boston. jan5-4w

THE HARTFORD

ACCIDENT

Insurance Company.

Cash Capital, $500,000.

R. D. HUBBARD, Pres. GEO. B. LESTER, Sec.

Insures against all forms of bodily injury induced by accidental means: such as dislocations, fractures, broken bones, ruptured tendons, bruises, cuts, slabs, gunshot wounds, crushing or mangling, burns and scalds, bites of mad dogs or serpents, unprovoked assaults by robbers or murderers, stroke of lightning or drowning &c.

The records of the years are filled with such accidents, and no doubt will be, so long as human carelessness exists. We are beset with them, from the cradle to the grave, and there is scarcely an individual refer, within the sphere of his own family or acquaintance, to some accident in which the indemnity offered by this company would have been a blessing worth much more than its cost.

Policies issued for long or short terms providing for weekly payments, in case of disability, and for the payment of the whole sum, in case of death.

The only company in the country that devotes itself wholly to accident insurance. A yearly policy covers accidents while travelling, while about one's business, while in the street, at home or abroad. The premium on each $1,000 is so small that every man able to secure a policy will not the slightest embarrassment. For full and complete particulars inquire of L. D. DAVIS, agent for Newport and vicinity. sep25-m&f

VINEGAR BITTERS

VEGETABLE FREE FROM ALCOHOL

PURELY CALIFORNIA

EUREKA

VINEGAR BITTERS

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display unequaled influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

They are a gentle Purgative as well as a Tonic, possessing the power of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humor and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Black Hernani.

A FEW PIECES of Black Hernani and Iron Berage just received and for sale at a bargain

apr21 WM. C. COZZENS & CO'S.

Look at This.

The last ten years have been very disastrous to insurance companies in the United States. More than sixty have failed altogether, and many others have reduced their capital stock or otherwise became greatly weakened. But there are a few that by prudent management and wise liberality on the part of stockholders are much stronger now than ever. Consider the following figures taken from the reports of the Insurance commissioner, of the state of New York, for 1864 and 1874.

Ætna of Hartford, Assets in 1864,		$3,590,439. 93
" " "	1874,	5,815,802. 03
Increase of assets in ten years,		2,015,362. 10
Insurance of North America, 1864,		$1,715,171. 78
" " "	1874,	3,260,699. 06
Increase of assets in ten years,		1,547,828. 29
Royal of Liverpool, (American Funds) Assets in 1864,		£1,827,984. 0
" " in 1874,		3,073,488. 8
Increase in ten years,		1,245,509. 73
Hartford, of Hartford, Assets, 1864,		$1,075,020. 48
" " " 1874,		2,416,081. 51
Increase in ten years,		833,761. 03

This wonderful growth during a term of unparalleled disaster is not the result of good fortune merely, for these companies have been the heaviest losers in Portland, Chicago, Boston and other cities, and have paid out millions of dollars each year. The facts commend themselves to persons who want RELIABLE insurance in these days of trial. A policy in such companies is worth twice as much as one in any of the untried institutions that are springing up on every hand. The rate is the same.

Dwelling houses and their contents insured for five years at very low prices—lower in fact than is charged by many of the Mutuals where the insured is liable to heavy assessments in case of a large fire in any of our larger towns.

Policies written on all classes of property, and losses paid at this agency.
